Description

Superb late 18th to early 19th century solid mahogany 4 tier whatnot of the highest quality attributed to Gillows of Lancaster. Made from the best dense, heavy mahogany it is a great design with lovely turnings to the uprights and nice shape turned feet with inset brass castors. The whatnot has two drawers, one half way down at the front and one at the top on the right hand side which is fitted inside. The top is fully adjustable on a ratchet and has its original book rest which is identical in design with the brass parts to a stamped Gillows reading table I had in stock recently. The book rest lifts out and can be stored in the side top drawer when not in use. This is a heavy piece of furniture of the highest quality and although not stamped I am very confident it is a Gillows piece. The condition is basically very good with no damage or repairs but there is an old shake to the bottom tier / shelf. The piece is a gorgeous colour with original finish with good patination, just had a wax which has brought it up beautifully. SIZE; 24" by 17" by 48" high CIRCA; 1790 - 1810
