Description

Gents 9ct gold Kered wrist watch, 1960. The watch has a Swiss 21-jewel hand-winding movement which is working nicely. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1960. Overall, the case is in good condition, just a little unevenness to the back of the watch. The lens is in lovely condition. The signed dial is in good condition with original hands and a subsidiary seconds dial. A later leather strap has been fitted. The watch comes in a vintage presentation box from a Lancaster jeweller.
