Description

A lovely miniature chest of drawers dating from the early 20th Century. It is a charming piece with two small over two long drawers, each with small brass knobs. It is made from pine which has its original stained finish and the drawers have nice painted border decoration. It was likely an apprentice piece or a salesman's sample. It is in good original condition with a lovely aged patina. The drawers are generally clean and tidy and open smoothly. There are some general signs of age and use and minor marks but nothing detrimental and overall it displays very well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
