Description

A charming 19th Century Staffordshire model of a seated poodle. It is a typical design on a raised rectangular base with a gilt border. It has been well modelled and is a good quality example. The figure is in very good condition for its age. There are typical minor flaws and small nibbles on the raised 'furry' parts but no major damages and it displays very nicely. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £6
