Description

Very decorative walnut chair for sale. This chair has a great air of importance about it, the shapely legs, thin waist, slender ankles and fashionably worn fabric make it look as if it has been languishing in a large 17th century country manor house for three hundred years, whereas in fact it has been languishing in a large Cotswold manor house for considerable fewer years than that. Good solid seriously aristocratic chair which has either been well looked after, not used or recently restored. Made around 1900. 73cm wide 94cm high 60cm deep 41cm H/S TF033

Internal Ref: TF033
