Description

You are viewing a gorgeous antique English library bookcase in eye catching red lacquer. Such a great look to this important piece which we date to 1880. The cabinet features intricate Chinoiserie on all surfaces but it's particularly eye catching against the black panels on the door. Intricate scenes include Chinese landscapes with pagodas, Chinese figures, ox and foliage. There are further Chinoiserie designs on other surfaces as well as hand painted gilt motif decoration. The whole cabinet finished in a rich red with inset laquer designs and terminates on oggee feet. We purchased this from a private residence in London's Bloomsbury. Offered in great shape ready for home use right away. We ship to every corner of the planet - please get in touch for a shipping quote.
