Description

1920's Heals Teak Garden Dining Table & Four Chairs A very good heavy quality and complete early 20th century Heals of London antique teak garden dining set. The square, teak slatted garden dining table has silhouette shaped legs with an under shelf. All four garden dining chairs have slatted teak backs and seats. The four garden dining chairs fit snugly under the dining table to be stored away when not in use, to make a neat block. This Heals of London garden dining model is becoming harder to find in such good, complete condition, this is a very lovely example.
