Description

A wonderful antique Regency period mahogany side table. This was made in England, it dates from around 1800-1820. It is of lovely quality, with the rectangular top sitting on a tripod base. We believe the top and base are right, this was at one stage a tilt top table, the catch and release mechanism has been removed at some point, it is now a fixed top table. We have had this re-polished, it is in very good condition for its age, with normal wear and patina seen beneath the polish, commensurate for age. Width – 23 inches , 59 cm Depth – 16 inches , 41 cm Height – 27 inches , 69 cm
