Description

The tabletop has been inlaid with a very intricate geometric design using various specimen wood veneers. The top is supported by four out swept cabriole legs united by an X form stretcher. The unusual feature is the addition of a glazed smokers cabinet on the stretcher base. The cabinet features a beautifully cast brass pipe rack over a single drawer. This is a very special piece of top quality furniture and may be unique in its design. Please see the range of other quirky and antique pieces of furniture we have listed.
