

SA1059385**Antique Omega pocket watch,
1916**

Price

Sold**Item Reference: SA1059385****Date of manufacture: 1910**

Description

Antique Omega pocket watch, 1916. The watch has a stem-winding movement, signed with the Omega name, which is working nicely. The movement carries the serial number 5614004 which dates it back to 1916. The movement is protected by an inner hinged cover which is signed Omega, and has the details of medals won at the Paris exhibition of 1900. The watch measures 50mm diameter excluding the winding stem and the loop. The case is probably low purity silver and as such is not hallmarked. The case is in good condition, just a little unevenness to the back. There is engine turned detail to the back of the watch but this has worn down over the years. The glass lens is in lovely condition. The signed dial is in lovely condition. Original hands (the blued steel finish has come off the hour hand). The watch comes in a new presentation box.
