Depth = 48.5 cm (19.1")

Description

Magnificent exhibition quality large satinwood inland and ormolu mounted credenza having a quality satinwood shaped top with fantastic marquetry inlay, satinwood and ormolu mounted frieze, a pair of satinwood ormolu mounted and glazed doors to the centre opening to reveal two shelves with ormolu beading and a mirror back flanked by two cupboard doors inlaid with bows and ribbons, hand painted porcelain panels with ormolu mounts opening to reveal fitted shelves flanked by open display ends with mirror backs; fantastic marquetry inlaid shelves crossbanded in satinwood supported by six solid satinwood turned columns with ormolu mounts standing on a shaped satinwood ormolu mounted plinth. This statement piece, even though not marked, was most certainly crafted by a leading cabinet maker of the period, most possibly the likes of Holland and Sons. The attention to detail and the quality is phenomenal and along with the proportions suggest that it would have certainly been an important one off commissioned or showcase piece. It is truly superior in its class and in original untouched condition. H 92cm W 252cm D 48.5cm Date 1850
