Description

A superb example of an original opaline glass ceiling light dating from the early to mid 20th Century. It is Art Deco in style with an attractive stepped shape and it comes with its original gallery with the same matching stepped design. The light is designed to hang from the ceiling on a chain and has been wired with a simple hanging braided flex cord and modern bayonet bulb holder. This makes it easy to install or hang over an existing flex. The light is in good condition with no damages apart from a few small nibbles around the rim. The gallery has been lightly cleaned to retain its patinated finish. It is ready to install but we always recommend that the light is checked and wired by a professional electrician. Approximate Measurements : Height : 12" / 30cm (including gallery) Width : 13" / 33cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
