Description

A pretty three-stone Edwardian moonstone ring set in sterling silver. Nice old moonstone rings (true natural moonstones, not the white labradorite which is often described as "rainbow moonstone") are hard to find and this is a lovely example with a trio of glowing natural gemstones. The ring is in excellent antique condition. Size: M (UK), 6 and a quarter (US). The gem-set face of the ring is approximately 2 x 0.7cm and the top sits around 6mm above the finger. Weight: 2.3g. FREE INTERNATIONAL SHIPPING! Antique boxes pictured are not included unless specified; your item will come in a new box.
