Description

A good example of a large antique copper saucepan with its original lid. It is excellent quality made from a heavy 2mm copper with a lovely neat seam and cast iron riveted handles. It is in good original condition and displays well with a lovely aged patina. There are no major damages. There are some signs of age and use, some minor dents, dinks and surface marks but nothing untoward. The tin lining would likely benefit from re-tinning if the saucepan were to be used. Approximate Measurements : Height : 6" / 15cm Diameter : 9" / 23cm Length inc Handle : 18" / 46cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
