

SA1060607

Antique silver Electa pocket watch, 1917

Price

Sold**Item Reference: SA1060607****Date of manufacture: 1910**

Description

Antique silver Electa pocket watch, 1917. The watch has a Swiss 17-jewel stem-winding movement, identified as by Electa, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 52mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1917 with a case maker's mark for Aaron Dennison. The Dennison Watch Case Company was a Birmingham based manufacturer and supplier of cases to various makers. The case is in good condition, light marking but nothing too detrimental at all. The glass lens is in good condition. The dial is in lovely condition. The watch comes in a new presentation box.
