Description

Gents Omega wrist watch, 1966. The watch has a 17-jewel calibre 601 hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 23,675,174 which dates it back to 1966. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition. The inside of the case back is signed with the Omega logo, together with the case reference 131.019 which is correct for the calibre 601 movement. Signed Omega winding crown. The lens is in lovely condition. The signed dial has light age related marking across it but not too detrimental at all. Original hands and centre seconds hand. A new leather strap has been fitted. The watch comes in a new presentation box. NB: Where we have specified a year of manufacture, this is based on hallmarks or serial numbers with published databases. The 'date of manufacture' given by SellingAntiques will vary slightly as the website only works to decades, not specific years.
