## Description

A smart and very well made antique Georgian mahogany bow fronted chest of drawers. This was made in England, it dates from around the 1800-1820 period. It is of fantastic quality with a lovely and very useful design. It's a great size with lots of storage space inside the generous drawers. This has a bow shaped front, sits on bracket feet and has high quality brass handles. The mahogany has a gorgeous colour tone and all round patina. We have had this recently re-polished, the condition is excellent for its age, with some normal historical wear beneath the polish.
