Description

Good mid 19th century framed marriage sampler. The sampler with the names of Ann Stewart and Dr McLeod which would suggest to me it was made for a marriage. The whole sampler is a pleasing design with a nice Georgian style cottage in the middle with various stylised trees and plants. The colours are slightly faded all over but the sampler is basically in pretty good condition overall. SIZE; 15" tall by 13" wide CIRCA; 1850
