Sold**Item Reference: SA1061972****Date of manufacture: 1900**

Description

An impressive rare antique silver plated toast rack. It has been marked EPNS along with a serial number. I would date it to c1900. It has been superbly designed around a golf theme. It is in super condition being free from dings splits and repairs, no wear. It measures approx. 6.75 inches (17cms) long by 3.25 inches (8.8cms) across the base by 5.25 inches (13.3cms) tall and weighs 310 grams. A very nice quality rare example.

Internal Ref: 29087
