

SA1062078

1920s Cyma stem winding pocket watch and chain

Price

Sold**Item Reference: SA1062078****Date of manufacture: 1920**

Description

1920s Cyma stem winding pocket watch and chain. The watch has a signed stem-winding movement, with nicely patterned plates, which is working nicely. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition for such a 1920s piece, a small knock to the side and general light surface marking but nothing too serious. Screw on front and back, a nice sign of quality. The original glass lens has general light surface marks but is very serviceable. The dial is in nice condition with original ornate gold hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single chain, 29cm long. The watch comes in a new presentation box.
