Description

Gents Elco automatic wrist watch, c1960. The watch has a 25 jewel automatic movement which is working nicely. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel with a plated bezel. The front and sides are in good condition with just general light surface marks. The screw-on case back has some scratches where the back has been removed in the past. The lens is in lovely condition. The signed dial is in lovely original condition with original hands, centre seconds hand and date display. The watch has an early form of quickset date where the hands are moved repeatedly backward and forwards between 12 midnight and 8.30pm until the desired date is reached. A new leather strap has been fitted. The watch comes in its Elco presentation box.
