Description

Antique silver Buren Grand Prix pocket watch, 1923. The watch has a good quality Swiss 17-jewel stem-winding movement which is working nicely. The movement is signed Buren Gand Prix, and it is all protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1923 with a maker's mark for Aaron Dennison, the Birmingham based case maker. Overall, the case is in good condition with a couple of small bruises to the side and a little gentle unevenness to the back, not too serious at all. The glass lens is in lovely condition. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
