Description

This delightful Victorian toleware dish has very vibrant golden, autumnal colours to the hand painted flowers and leaves. The design features wild roses on a bold black ground that really makes the colours very appealing. The bowl is a Dutch piece likely originally retailed by Jan J. Burgers emporium in Amsterdam. We currently have another piece listed that bears the remnants of their original paper label, please check our other items. This measures 33 cms by 26 cms by 5cms deep. UK delivery is £12 (or can be combined for both pieces)
