Description

Hi I have for sale a 1890s French crystal regulator mantel clock in original condition with a eight day running movement in a very nice large gilded case and all run via a large vial Mercury pendulum. French made by Samuel Marti & Co. This clock has had the whole movement fully restored ultra sonic cleaned and hand polished around two months ago with new springs put added then re-built & oiled screws re-blued so runs strong for the eight days striking on a sweet bell to the rear. The Case The case is in solid gilded brass with mega thick bevelled glass sides in original condition, the case is very heavy standing 32cm high x 20cm wide with a depth of 14cm it is in perfect original condition very shiny has been very well looked after over the years, with 4 mm thick bevelled glass on all four sides the front and back are doors which open with ease, all of the glass is in mint condition no chips or cracks. The Dial The dials are in original condition in white porcelain with gilded viable escapement work to the front looks really good ticking away with the bold Roman Numerals. The Movement The movement is an eight day time and strike striking the hours and halves on a sweet ...
