

SA1062592

Gents 1950s Lanco Rotor automatic wrist watch

Price

Sold**Item Reference: SA1062592****Date of manufacture: 1950**

Description

Gents 1950s Lanco Rotor automatic wrist watch. The watch has a 17-jewel automatic movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is chromium plated while the screw-on case back is stainless steel. There is some marking and wear to the plate, mainly to the back of the watch. The back of the watch states that the watch is water resistant but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in lovely condition with original hands, centre seconds hand and minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
