Description

A stunning antique burr walnut lowboy chest of drawers. This was made in England, it is in the classic Queen Anne style and dates from around the 1920-30's. The quality is outstanding, this is beautifully made and is a very useful size, perfect for use as a low side table or console table around the home. It has a wonderful serpentine shaped front, sitting on bold cabriole legs with acanthus leaf carving at the knees and claw and ball feet. The drawer fronts are cross banded and have beautiful intricate brass handles. We have had this recently re-polished, the condition is excellent. The burr walnut colour tones and grain patterns are gorgeous throughout. Width – 40 inches , 102 cm Depth – 18 inches , 46 cm Height – 30 inches , 76 cm
