Depth = 5 cm (2.0")

Description

Hi I have for sale a 1960s miniature carriage clock made by L Epee in France that has just been fully restored keeping spot on time over the eight days signed on the dial and on the rear of the movement. The Case The case is in solid heavy brass and stands 11cm high x 6cm wide with a depth of 5cm it is in perfect condition with mint bevelled glass sides/front/back door and top viewing glass. The Dial The dial is in original condition in white with the original black ornate hands and signed by L Epee. The Movement The movement is an eight day time only; the movement has been cleaned hand polished, serviced and oiled so keeping great time over the eight days via the original 11 jewelled escapement to the top. The movement is signed by L Epee to the rear with their sign stamped in. I have the original key that's include. Overall a very small but heavy quality carriage clock by a quality maker that looks stunning on display and contains all of its original features this is quite a rare find these days. The photos do not do this stunning clock any justice the winning bidder will be delighted, please read my feedback from other buyers about their clock purchases. I will p...
