Description

A beautiful pair of Finnish silver candlesticks, such a wonderful design. Each candlestick is marked and were made by Kultakes Oy - Hameenlinna. The candlesticks have slightly different dates but date from mid 20th century. One has been engraved on top of the sconce but it does not detract from the overall design of the pieces. The bases are metal. The sconces unscrew and both sticks are in great condition. So stylish. H 15 cm Dia of base 7.8 cm
