Description

Here we have a very early piece of walnut furniture of small size in oak elm and walnut .The chest has elm sides, oak frame oak top and oak drawer linings . The drawers are on side runners as most early framed furniture is ,the front of the chest has cushion molded drawer fronts which are veneered in thick walnut veneer, which has mellowed over the years to produce a lovely toffee colour. The handles are old replacements as are the feet ,but all in keeping. Altogether a really superb piece to grace any home.

Internal Ref: jacobean walnut chest
