Description

A lovely small pine box dating from the early 20th century. It is well made with a dovetail construction and iron strapping on the corners and edges and two metal carrying handles. It has its original metal strap hinges and the interior has a small candle box. It is a lovely looking box and it is in good condition for its age. There are no major damages and the interior is generally clean and tidy. There are some signs of age and use, some small knocks and marks but it still displays well. There has been some old woodworm in the base which has all been treated as a precaution and hasn't affected the piece structurally or aesthetically. It has been cleaned and gently polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers. Please get in touch for an accurate quote to your location.
