Description

An early 19th century mahogany kettle stand with an attractive wavy gallery edge and pull out slide, standing on square tapered legs united by an X stretcher with central circular undertier. This would make a lovely bedside table where space is tight. Condition: The table is good and solid, though as it is very lightweight and delicate is never going to feel like a substantial piece of furniture. There are watermarks to the top and the undertier shelf, and the finish is a little uneven in places - I have tried to show this in the photos. Mainland UK delivery (excluding the Scottish highlands) is included in the price - if you would like a quote for delivery elsewhere, or if you would like to collect the item yourself, please get in touch. Delivery of furniture usually takes between 7 and 21 days from order, though can sometimes take longer. If you need an item by a certain date please speak to us prior to ordering and we'll try to help.
