Description

This Georgian table has a lovely pedestal with a fluted vase beneath another pretty fluted turning. The 3 cabriole legs are also beautifully made with no breaks. The top is a single piece of mahogany and like the base made of super heavy Cuban mahogany. It top is now fixed to the base and therefore it is very stable . There are no wobbles!. There are some marks on the top which shows this but it doesn't distract from the fact that this is a very good period piece at a good price
