Description

An impressive and extremely well made antique burr walnut leather top desk. This was made in England, it dates from around the 1900-20 period. The quality is outstanding, this has stunning burr walnut grain patterns and crisp carving on the serpentine shaped top edge. The cabriole legs are also beautifully carved, this has lovely brass handles and a gorgeous inset tooled leather writing surface. We have had this recently re-polished, the condition is excellent for its age.
