Description

This may be a small elephant, but it is absolutely wonderful. I have no idea if it has a use, the mouth and trunk are both hollow, maybe it was for toothpicks. It is a wonderful colour of silver with great patination. The feet are marked for GS&SM London 1910, the base has the number 7, Goldsmiths & Silversmiths Co Ltd Regent Street. Weight 98.4 H 8 cm L 6.5 cm W 2.5 cm
