Description

Gents 1950s Enicar wrist watch. The watch has an in-house 25 jewel hand-winding movement which is working nicely. The movement is signed with the Enicar name. The watch is a good wearable size at 35mm diameter excluding the winding crown and the lugs. The case is gold plated and it is in good condition, just a little rubbing to the fronts of the lugs. The stainless steel case back is also signed with the Enicar name. Original signed Enicar winding crown. The lens is in lovely condition. The signed dial is in its original finish with original hands and centre seconds hand. There is light marking but not too detrimental at all. A new leather strap has been fitted. The watch comes in a new presentation box.
