Description

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Rolex. This is the very desirable Precision model with Rolex calibre 1300 movement which has just been professionally serviced. It has a solid 9ct yellow gold case and a beautiful facet cut design solid 9ct gold bracelet which sparkles as it glides around the wrist. It is quite stunning with a white silver dial which is in wonderful unmarked original condition. A new glass has been fitted and the case and bracelet professionally cleaned and polished so it is absolutely pristine. As you would expect from Rolex the watch is fully marked Precision on the dial and movement, the bracelet and case are fully hallmarked and the bracelet marked Rolex with the logo on the winding crown. Rolex are one of the most exclusive makers in the world and this watch certainly has that understated elegance which resonates class. The watch case is slightly larger than most models from this period and measures 20mm in diameter not including the crown. It fits a maximum wrist size of 6 inches or 15.5 cms but this can easily be reduced by any competent jeweller. Ove...
