Description

A lovely antique sewing companion dating from the early to mid 19th Century. It is made of rosewood and has two small mushroom shaped pin cushions either side of a central turned bobbin stand with tray. There is also a drawer below with a small wooden knob. It is in good condition and although it has been used it has been well looked after over the years. There are some signs of age and use, a few minor knocks and marks and small chips and splits but overall it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £6
