

SA1065807

1920s antique Swiss pocket watch

Price

Sold**Item Reference: SA1065807****Date of manufacture: 1920**

Description

1920s antique Swiss pocket watch. The watch has a nice quality Swiss 15 jewel stem-winding movement which is working nicely. The movement is later to the watch although it is of the correct period. Often complete movements were replaced as it was sometimes a more economical option. The watch measures 51mm diameter excluding the winding crown and the loop. The case is gold plated and is stamped Eaton. The watch has a screw on front and back. Overall the case is in good condition, just some minor surface marking and the odd mark, nothing too serious. The glass lens is in nice condition as is the lens with blued steel hands, a subsidiary seconds dial and outer minute markers. The watch will be sent in a new presentation box.
