Description

Gents 1960s wrist watch, Peter Trevor. The watch has a good quality Swiss 25-jewel automatic movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The main body of the case is gold plated and it is in lovely condition, just a little marking to the back of the watch. The stainless steel case back states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition (some reflection showing in the photos). The dial is signed with the name of the original retailer Peter Trevor & Co Ltd, Regent St, W1. The dial is in its original finish with original hands, centre seconds hand and date display (an early form of quickset date which is initially set by repeatedly turning the hands backwards and forwards between 12 midnight and 7.30pm until the desired date is reached). A new leather strap has been fitted. The watch comes in a new presentation box.
