Description

Antique Waltham Traveler full hunter pocket watch, 1905. The watch has a seven jewel Traveler grade movement which is working nicely. The movement is fully signed and it has the serial number 14,479,166 which dates it back to 1905. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the Dennison Watch Case Company, main supplier of cases to Waltham UK. The case has one small "ding" to the front, and two to the back. The winding crown pushes in to release the front cover. Inside, there is a glass lens which is in good condition (some white reflection showing in the photos). The dial is in lovely condition. The watch comes in a new presentation box.
