Description

Gents 9ct gold Accurist wrist watch, 1964. The watch has a signed 21-jewel Swiss hand-winding movement which is working nicely. The watch itself measures 33mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Edinburgh 1964 with a case maker's mark for the British Watch Case Company. The case is in good condition, as is the lens (some reflection showing in the photos). The signed dial is in good original condition with original hands. A new leather strap has been fitted. The watch will be sent in a new presentation box.
