Price

GBP 105

| USD \$142 | EUR 123

Item Reference: SA1067674

Date of manufacture: 1920

Dimensions

Height = 25 cm (9.8")

Width = 14 cm (5.5")

Depth = 14 cm (5.5")

Description

Circa 1910-1940 a fine quality original brass Pullman lamp, in very good condition. This is slightly shorter than some Pullman lamps, it measures 24.5cm in height to the top of the lightbulb holder, and the feet are approximately 14cm apart. The old lightbulb holder and switch suggest it was last wired in the 1920-1930's and the fitting has GEC Made In England at the top, with a registration number just under the On/Off switches. It needs to be rewired, and the price reflects this. We have some other Pullman lamps in stock of standard height. Please ask if you'd like us to send some photos. Postage and packing for the UK mainland is included in the price and for outside areas or delivery abroad please contact us for a quote.

Internal Ref: 1851
