Description

What an impressive vintage gold bracelet. The unusually heavy solid link gold curb chain which is secured with a heart padlock. Weighing a mighty 64.5 grams, this is one of the most substantial bracelets we've encountered. The link width is 11.1mm and the bracelet is 8 inches long. The padlock – which works perfectly and closes with a satisfying click – is clearly hallmarked from the London Assay. The datemark is rubbed, however.
