Description

A beautiful solid silver and faux tortoiseshell trinket box. It is unmarked but tests as silver, I would date it to c1920. It has been superbly designed depicting a owl. It is in superb condition being free from dings splits and repairs. It measures approx. 2 inches (5cm) across by the same front to back by 1 inch (2.6cm) tall and weighs 12 grams. A nice quality piece.
