Description

The cupboard stands on a square plinth supporting the main section. There are four shelves. The shelves are fixed and the depths range between 19 and 23cm. Above there are two large doors. Each door has one panel and a knob that opens the doors. Behind the door there is a small top shelf with plenty of storage space. The height of this section is 47cm. The top has a standard graduated cornice. This cupboard is in good condition. We have professionally stripped and restored it and then waxed it in a lovely antique brown bri wax. The cupboard would look well in an old or modern property amongst similar antique pine furniture for storage. This would look great in a bathroom for storage of towels etc. This is in one piece so your stairs do need to be straight with no turns.
