Description

Fully restored rare Jumbo sized Omega Constellation from 1966. The diameter is 37mm excluding the crown which makes this a jumbo and is the largest vintage Omega Constellation and one of the rarest, this model was only ever sold in Japan and Singapore and is rarely seen outside of that area. The movement is the 24 jewel calibre 561 Chronometer grade fully automatic, this was Omega's highest grade of certified chronometer movement. The model reference number is 168.001. The starburst dial with date is in mint condition having been fully restored. It comes with its original full length Omega beads of rice bracelet or we can fit a leather strap if you prefer. It is very rare to find this watch in such amazing condition and much sought after by collectors. The watch has just been fully serviced and is guaranteed to be a genuine Omega in all respects. This watch has been fully and professionally overhauled, the process is highly detailed and meticulous. It is keeping time to within Omega's original chronometer specification. We offer a highly personalised and bespoke service. If you would like to buy or reserve this watch please telephone us on 01726 813155 or email f...
