Description

An Arts & Crafts movement oak desk chair of excellent form with beautifully shaped accentuated armrests, supported by attractively chamfered front legs. Considering its use as a desk chair the back of the piece is as pleasing as the front with outswept back legs and curved open backrest. Reupholstery was an option but the current 1930's/1940's upholstery has a certain charm about it and suits the chair rather well. Very good condition, structurally all solid with just some age related surface wear commensurate with age and use. English, circa 1900. H: 79 W: 57 D: 62 cm Seat height: 44-45 cm
