Description

Gents 1950s Cyma Triplex wrist watch. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is chromium plated and it is in lovely condition, just the tiniest amount of wear by one of the bottom lug, barely visible to the naked eye. The lens is in lovely condition. The signed dial is in lovely original condition with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a vintage Cyma presentation box.
