Description

Gents Cyma Navystar wrist watch, c1960. The watch has a signed 18 jewel Swiss hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and overall the condition is good, just general light marking and a 1cm scratch to the back. The case back is signed Cyma Navystar. Plain winding crown. The lens is in good condition (some reflection showing in the photos). The signed dial is in its original finish with original hands and centre seconds hand. There is a little marking around the C logo but not too noticeable to the naked eye. A new leather strap has been fitted. The watch comes in a new presentation box.
