Description

A stunning pair of antique Swedish satin birch Biedermeier stools. They were recently imported from Sweden, they date from around the 1850-1870 period. They are of outstanding quality with an incredibly beautiful and useful design. They would be perfect as window seats, at the end of a bed or in various settings around the home. We have had them stripped and re-polished to a very high standard, and fully re-upholstered in a cream cotton fabric. The condition is excellent for their age. There is just some extremely minor wear and some historic signs of worm, long since treated and fully rid of.
